

MAHIKA AGARWAL

PHP WEB DEVELOPER

PROFESSIONAL EXPERIENCE

With hands-on experience in web development, I have honed the skills and knowledge necessary to make your project a success. Working with frameworks like Laravel and CodeIgniter, I take pride in creating dynamic and responsive web applications that meet client needs. I enjoy every step of the development process and am committed to delivering high-quality results.

WORK EXPERIENCE

PHP Developer @ Reva Consultants LLP

July 2024 - Present

- Working on End-user websites with complete dynamic Admin Panels and fully functional main websites.
- Working experience of large Database handling in MySQL with multiple tables.
- Working experience with third party APIs like, Google single-sign-on, Razor pay, Stripe, PayPal

Junior Web Developer @ JUSTADDWATER

May 2023 - June 2024 (1 yr 2 months)

- Worked on various live projects for clients, utilizing Laravel and CodeIgniter frameworks to create, maintain, and enhance dynamic and responsive web applications.
- Identified and resolved bugs and performance issues in existing codebases, optimizing the functionality and user experience of client websites.
